ORGANIZED BY

REFRAME FILM FESTIVAL

THANK YOU

PCVS FOR HOSTING

APRIL 7 AND APRIL 14, 2011

Thanks to you...

35 students + 7 KPR schools – north and south + 8 GSA staff advisors + 2 filmmakers+ 7 cameras + 1 facilitator + 2 days + Energy and food galore = **SUCCESS** – 7 short films that shout out proud. Wow!

Success was truly a collaborative effort. Without the financial support of the school and community sponsors this project could never have happened. Our PCVS hosts – principal Denise Severin and GSA advisor

Daen Kivari – created a warm and open environment, a testament to the school’s diversity. The PCVS GSA created a gigantic welcoming banner, and Daen coordinated two days of sharing and planning among the staff advisors that led to new visions for GSA groups. Anya Gwynne of the Rainbow Youth Coalition facilitated the two days with flair and humour and skill. Steve Blair of ReFrame spent hours bringing together equipment, generously donated by so many

in our community. Filmmakers Pam Snell and David Adkin found the perfect balance of training and inspiration to help students find their creative voices. In the end it was the students whose bravery and laughter and creativity made it all come together, made all come out.

ReFrame dreams of showing all 7 shorts at next year’s festival.

LGBT FILM SCREENING

GSA FILMMAKING WORKSHOP

What the students said ... what they liked, and what they learned

"Meeting new people! (I have 4 new best friends!)"

"How much I laughed."

"Meeting new people and putting our ideas together on film."

"Excellent, empowering."

"Making new friends who understand me . . . and I loved making a movie about issues people go through."
